

IMPORTANT STAR INFORMATION

Department of
Taxation and Finance

Two Enhanced STAR Topics

Issue impacting some Enhanced STAR credit recipients. We have identified an issue with some of the STAR credit checks that were mailed this past weekend. As a result, we mailed a Basic STAR credit to some property owners who are eligible for the Enhanced STAR credit.

We know which taxpayers are affected, and are working to send them a check for the difference as soon as possible. We're contacting them today via telephone, and will follow up with an explanatory letter. We'll keep you up-to-date on the timeframe for the checks and letters.

If you are contacted by property owners regarding this issue or other STAR credit questions, please direct them to call 518-457-2036 between 8:30 am and 4:30 pm weekdays.

Enhanced STAR Income Verification reminder. The Enhanced STAR Income Verification application (IVP) will close **this Friday**, September 30, so that we can begin our processing. We'll notify you in November when reports are available for download. If you have questions or concerns, please contact the STAR Unit: orpts.star@tax.ny.gov.
