RE: CHAPPAQUA HAMLET DRAFT GENERIC ENVIRONMENTAL IMPACT STATEMENT (DGEIS) AND PROPOSED FORM BASED CODE (FBC)

Lauren L. Levin
(914) 238-4774

Dear Ms. Diamondstein:

Jason M. Lichtenthal
(914) 238-4774

We are in receipt of your letter dated November 2, 2020 regarding the above referenced matter. The Town Board welcomes comments the Chappaqua Central School District Public Library Board of Trustees (the "Library") may have on the DGEIS and FBC. Your voice is important to the Town Board and we value the important services you provide to the Town. The Town Board currently has an open public hearing on the DGEIS and FBC. You are welcome to submit comments in writing, or provide your comments at our next public hearing date which is scheduled for November 10, 2020 at 10:00 a.m. All of the documents which compose the DGEIS are located at www.chappaquaforward.org. In addition, a hardcopy of the DGEIS was personally delivered to the Reference Desk Librarian at the Chappaqua Library on or around October 1st by the New Castle Town Clerk.

As requested, the Chappaqua Library will be added as an Interested Party on all future notices pursuant to the State Environmental Quality Review Act (SEQRA).

I invite you to contact Sabrina D. Charney Hull, Director of Planning if you have any questions about the DGEIS or the proposed Form Based Code. She can be reached at sabrina@mynewcastle.org or (914)238-4723.

Thank you for taking the time to review this material.

Sincerely,

Ivy Pool
